

Wakefield, birthplace of Washington.

## Wakefield

### Birthplace of Washington

An Original Etching by Irene Carson  
Prepared for our friends in a form suitable for framing.

Amid the Christmas festivities of 1780, Wakefield, the house in which George Washington was born, burned. Now, in commemoration of the two hundredth anniversary of his birth, this historic home has been restored.

As the Yuletide again smiles on this shrine of patriotic Americans, may you see the fulfillment of your fondest hopes.
